About the authors

The New Zealand Multicultural Arts & Sports Centre is based in Howick, East Auckland. The centre aims to enhance communication among diverse communities in New Zealand through art performances and sports events. They provide children and young adults with an opportunity to interact with Chinese culture in a new and innovative way. This is deepening their knowledge and connection to the Chinese culture but also building their identity as Chinese New Zealanders and giving them a sense of belonging. Supported by Yang Yang (Thomas) and Jiajun Li (Angel Lee), a group of children with Chinese heritage worked with Auckland Emergency Management to create 天气五神奇遇记 | Adventures with the Weather Gods.

INTRODUCTION: OUR CHANGING CLIMATE

Over the past hundred years, Earth's average yearly surface temperature has increased by roughly 1 degree Celsius. This number seems small, but this huge increase in stored heat is changing our climate.

In the past, major volcanic eruptions or changes in the Earth's orbit led to periods of global warming and ice ages. But today, the Earth is warming faster because of human activities such as burning fossil fuels, clearing land and forests, and landfills for garbage. Rising temperatures cause our climate to be more unpredictable, and we call this climate change.

The Earth is a system where everything is connected, and changes in one area can influence changes in all others. Climate change impacts our oceans. Melting polar ice and warmer oceans are causing sea levels to rise and coastal land to be washed away. Climate change also leads to a loss of

biodiversity and more severe natural disasters, like cyclones, tornadoes, heatwaves, droughts, fires, flooding, and storms. This affects our health, ability to grow food, housing, safety, and work. Some of us are more vulnerable to climate change, such as people living on small islands and in less economically wealthy countries.

You and your family can help tackle the climate crisis: eat less meat and dairy, cut back on flying, plant trees, walk/bus/bike instead of drive, use wind or solar power for energy, recycle and reuse, and save energy and water at home. Let's not throw rubbish on the ground or in the ocean — animals can get tangled and hurt. Remember to respect and protect our oceans, rivers,

and green spaces!

Nǐ hǎo, I'm Yun Chen!

My friends and I want to teach you about natural disasters and help you get prepared for them. We each tell a story about a cyclone, flood, storm, and tornado. And afterwards, we'll help you get ready for emergencies too!

在一个阳光明媚的下午,一群小朋友和父母去郊外放风筝,欢度中国春节。

念可说:"昨晚我梦见自己变成了一只风筝,在天上自由翱翔!"

"Last night I dreamed I was a kite flying through the air!" said Nian Ke.

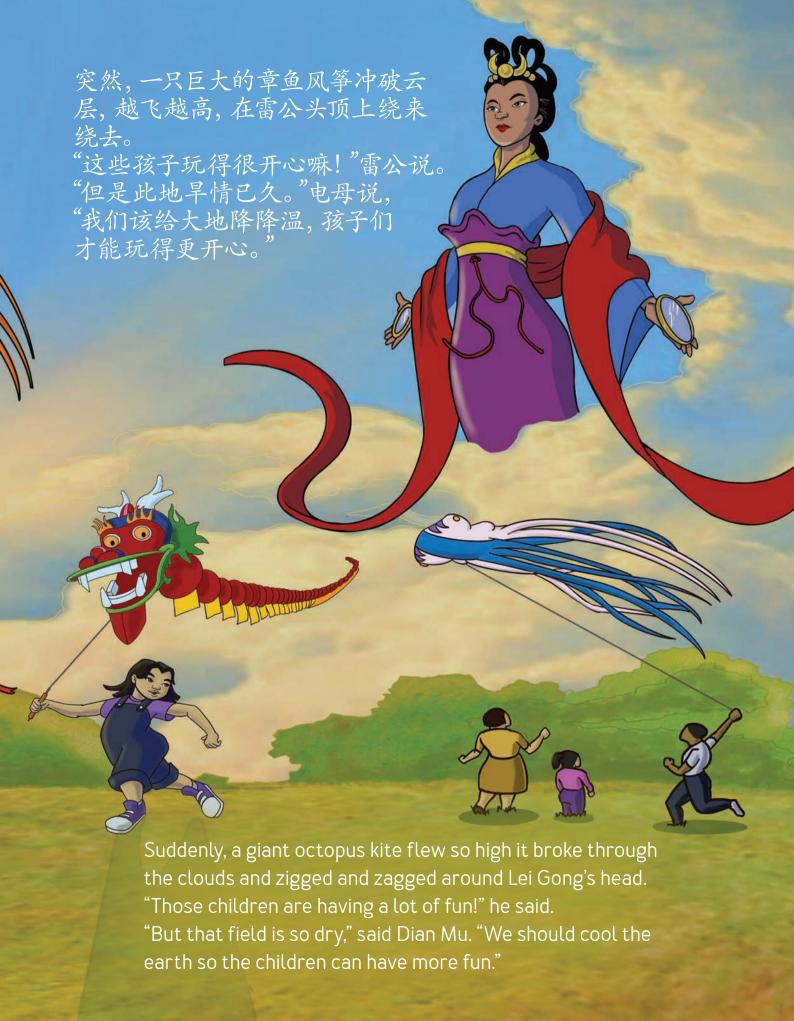

At the same time Dian Mu, the Lightning Queen, was walking on the clouds with her husband, Lei Gong, the Thunder King, and their weather friends, Yun Tong (Cloud Boy), Yu Shi (Rain Master) and Feng Po Po (Grandma Wind).

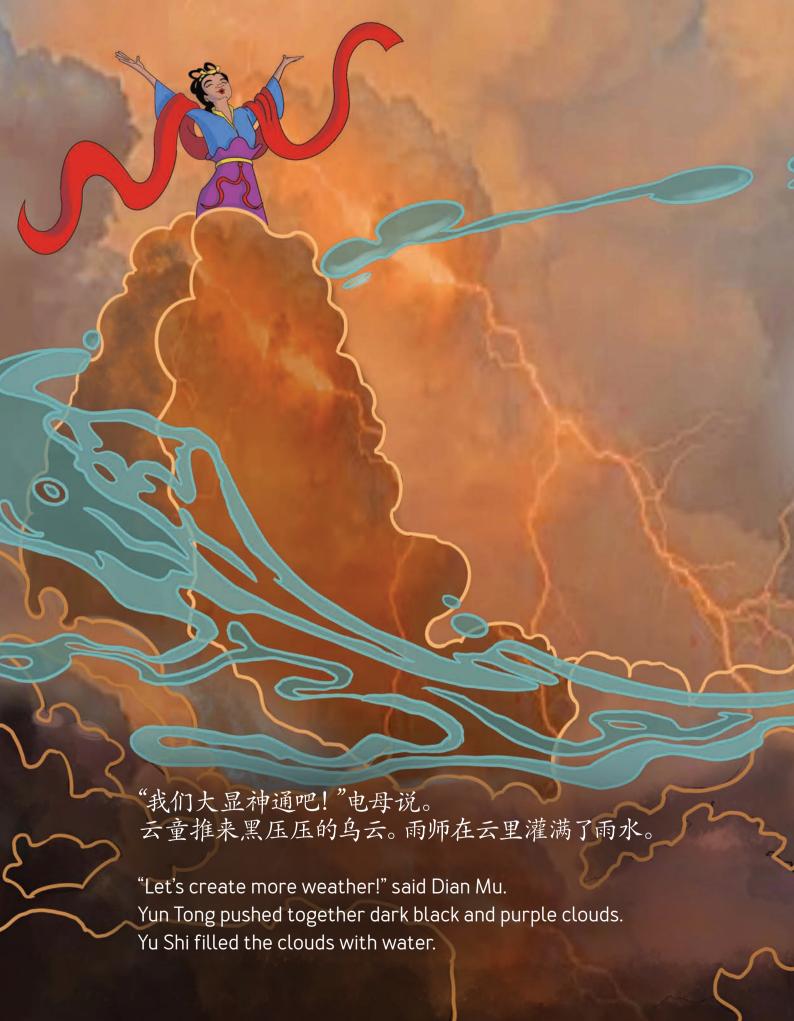

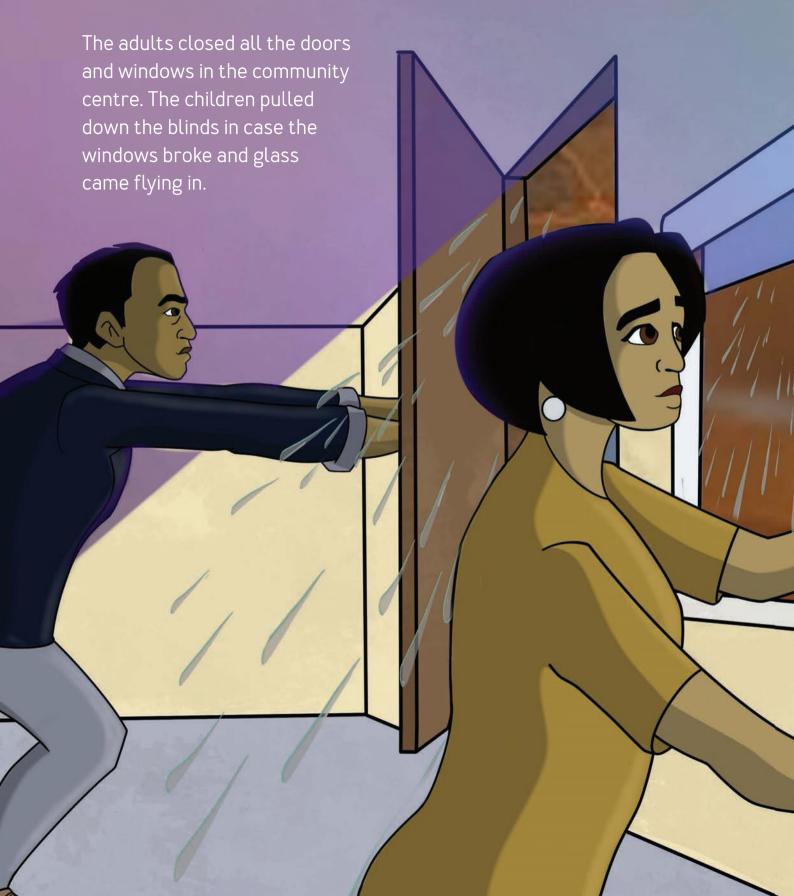

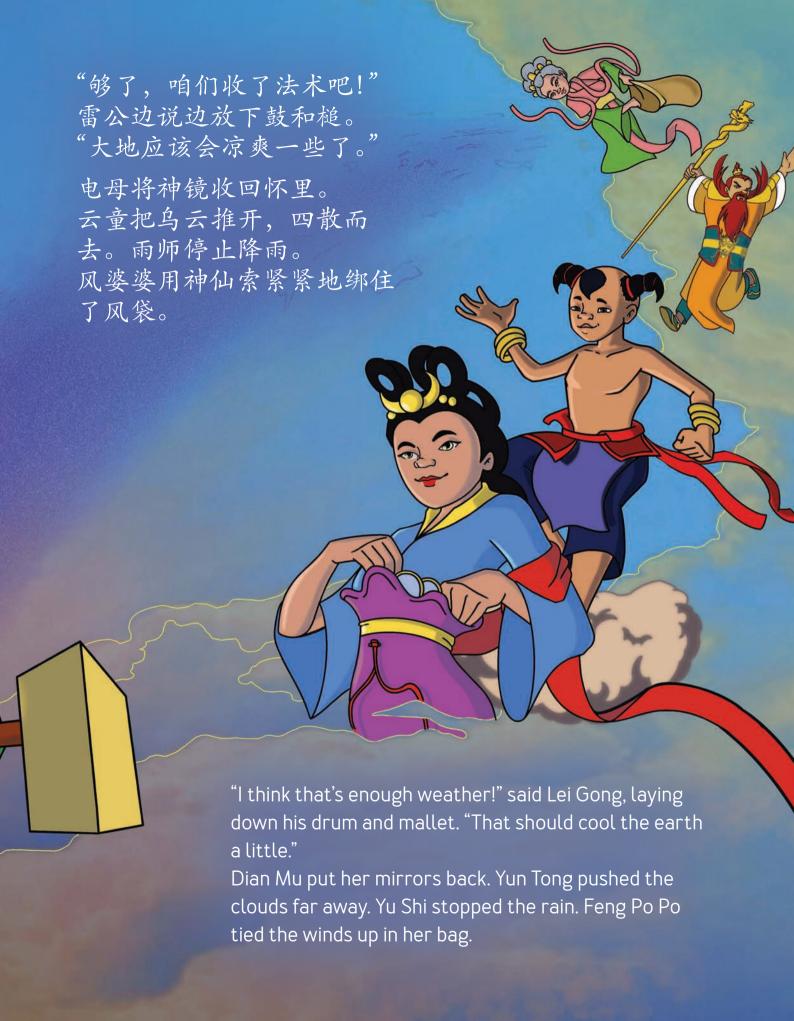

进屋后,家长关紧了门窗,小朋友们拉下窗帘,防止玻璃破裂,飞溅伤人。

Wow, what an adventure!
We're lucky we made it through the thunderstorm without any harm, all because we were prepared and knew what to do. So, do you want to get ready too?

Take some time with your whānau to talk about what natural disasters could happen where you live, how you can prepare and stay safe, and who can help you. Look at the following pages and learn how to create a Family Emergency Plan and a Grab Bag.

YOU READY?

时值中国春节,运辰和他的朋友们去户外放风筝。巨大的风筝在空中飞舞,有的像大鱼、有的像巨龙、有的像蜈蚣、甚至还有的像水母一样掠过天空。然而,当天气五神前来助兴时,小伙伴的新年聚会却初显波澜。风雨雷电从天而降,小朋友们必须尽快想出对策,以确保安全。他们是否能顺利通过暴风雨的考验?而天气五神又是否出手太重呢?

It's Chinese New Year and Yun Chen and his friends are flying their kites. Giant stingrays, dragons, centipedes, and even a jellyfish are swooping across the sky. But the children's celebration takes a

turn when the Weather Gods decide to add

some excitement of their own. They send wind, rain and lightning down to Earth, and the friends must think quickly to stay safe. Will they make it through the storm or will the Weather Gods take things too far?

YOU

The You Ready? series follows a group of friends as they face dangerous weather events and natural disasters. From cyclones and tornadoes to flash floods and thunderstorms,

the children use their quick thinking, knowledge and resilience to prepare for and stay safe in emergencies. The characters take you to different communities – Māori, Samoan, Hindi and Chinese – and teach you how to get ready too.
